More about the main sections

Science:

In this section, we publish student and scientific studies only, connected with their field and interests. Manuscripts should be written in a pure scientific style and they should contain a thesis, clearly formulated and supported by arguments. You could write about what you are interested in.

Essays:

Manuscripts should be with a strong author's presence and to show own points of view. For this section, philosophical, psychological, political or sociological analyses are preferable.

Works of art:

Here we publish poems, novels and stories, which had not been published before. If you are interested in literature and you are able to write elegant and briskly, send your work to our journal.

Topics with a preference:

- analyses of authors, theorists or philosophers, born after 1900;
- topics, which share good practices from all fields of our life;
